September 2019

It has been my extreme pleasure working with Sandra Cuning.

Sandra has great ideas, a fresh approach to the work, fabulous energy...Sandra Cuning is a breath of fresh air!

We hired Sandra to work on a Social Return on Investment (SROI) evaluation for ACSA Dorset Park Community Hub and our experience has been that Sandra (hands down) goes above and beyond in her work. She listens attentively, offers a variety of perspectives, facilitates groups with ease and comfort and ultimately it's her passion for the work and for community that shines brightest.

We've had a wonderful experience working with Sandra and would highly recommend her for any consulting and evaluation needs you have, we'll certainly be calling her back in the future.

Sincerely,

A handwritten signature in black ink, appearing to read 'Lee Soda', written over a light blue horizontal line.

Lee Soda  
Executive Director
